*"I could not exist without it."*

So writes a curate who receives a grant from us. Could one find a more eloquent testimony to the value of our work? The Curates' Augmentation Fund increases the incomes of Curates who have been more than ten years in Holy Orders and are still in full active work. It is the only Society founded for this purpose. The average stipend of those receiving grants is about £230 a year—very inadequate remuneration for those who have served the Church long and faithfully—and their stipends decrease as they grow older.

Nearly £3,000 was distributed in grants in 1934.

The Council is most unwilling to refuse a grant to any approved applicant, and therefore asks you to send a subscription to the Hon. Treasurer, the Rev. J. F. MARR.

## LEATHERHEAD SCHOOL, SURREY.

(ST. JOHN'S FOUNDATION FOR THE SONS OF CLERGY).

The School was founded in 1851 for the education of the sons of the poorer clergy. Foundationers are educated free of cost.

In 1887 a Supplementary Foundation was added, to which the sons of clergy of limited means are admitted at 45 guineas per annum.

Non-Foundationers from 95 guineas p.a. Day Boys 33 guineas p.a. Entrance Scholarships in June.

Through the generous co-operation of Heads of Preparatory Schools, sons of the poorer clergy are also nominated by the Council to these Schools, to proceed subsequently to Leatherhead, either as Free or as Supplementary Foundationers.

Donations, Annual Subscriptions, Legacies, and Scholarship-endowments are solicited.

The Parochial Clergy are specially invited to render the School much more adequate support by arranging for collections in their churches.

£15,000 has to be raised annually from voluntary sources. The entire contributions made annually by Diocesan grants and church collections is, at present, about £700 and is therefore most inadequate.

Cheques and Postal Orders should be made payable to the School and crossed "Midland Bank." They should be sent to the Secretary (C. Carstares Dunlop), 75 Victoria Street, Westminster, S.W.1, from whom all particulars may be obtained.

The CHURCH OF ENGLAND COUNCIL of THE BOYS' BRIGADE wish to draw the attention of CHURCHMEN to the VALUE of "THE B.B." as a means of training Boys, and retaining them within the Church.

2. The full control of the Company rests with the Church with which it is connected.

The dominant fact of our time is the existence of the Church of Christ in every land.

The pre-eminent contribution of the C.M.S. to the expansion of Christianity has been the founding and developing of native Churches.

The C.M.S. lives not for itself but to serve the growing Churches in whom the water of life is springing up for the service of the nations.

direction of calling for sacrifices by the tithe-owner. Conditions are, it is hoped, improving, and landowners are not in such difficulties as before. We can only trust that this is not too optimistic a view of what is admittedly the painful situation in which many clergy find themselves to-day.

Once again the Measures passed by the Church Assembly are few in number, only three having received the Royal Assent during 1934. One, the Clerical Disabilities Act 1870 (Amendment) Measure, allows the revocation of deeds of relinquishment, which was not permitted under the 1870 Act. The new Measure provides that if any person has executed such a deed and wishes to resume the rights, privileges, advantages and exemptions of the office of minister in the Church of England, he may execute a deed of revocation. A copy of the deed is to be delivered to the Archbishop, who may, if he thinks fit, either at once or after a lapse of time, cause the deed to be recorded in the registry of the Province. From that time the person executing the deed of revocation shall be in the same position as he was before he executed the deed of relinquishment, but he may not hold any preferments within two years after the recording of the deed in the registry of the Province. The second Measure legalises the publication of Banns of Marriage by a layman under certain circumstances, and the third is an amending Measure to the Cathedral Measure of 1931, promoted by the Cathedral Commissioners, whose report to the Assembly at the November Session indicates a considerable amount of work already accomplished and a great deal more yet to be undertaken in the near future. During the coming year elections to the House of Laity will take place after Easter, the basis of representation being as at present—one representative for every 10,000 electors, which will give a total House of 342. Discussion of the whole question of Lay Representation in the Assembly has taken place at the Autumn Session this year, upon the Report of the Committee, which was appointed to consider the matter in 1932. Not much resulted, however, and the debate ended by the Assembly agreeing to the appointment of a committee to consider that section of the report which relates to consultative members of the House of Laity, and to report as to the effect of the proposals, if adopted, on the Assembly as a whole.

After an interval of five years, its last meeting having taken place at Newport, Mon., in 1930, the Church Congress will be held in Bournemouth on October 8—11, 1935, when the subject to be considered will be "Christianity in the Modern State"—a question of exceptional importance in view of all that is happening in our own and other lands. The Bishop of Winchester will preside, and the fact that the Archbishops of Canterbury and

York intend to take part in the gatherings is an indication of the importance that will attach to the first gatherings of the Congress to take place since its re-organisation and recognition by the Convocations of the Church. Undoubtedly during the last seventy years the Church Congress has continually provided opportunity for valuable and frank discussion of great questions by both clergy and laity, and should still fulfil a purpose that is scarcely attained by that more legislative body the Church Assembly.

Those of our clerical subscribers who are not already acquainted with the Church Pulpit Year Book—a publication which has now reached its thirty-second issue—may like to know that the volume for 1935 is being published simultaneously with the Church Directory and from the same Office, at 3s. 6d. The volume, which may be obtained by post or from all book sellers, contains outlines of sermons for every Sunday and Holy Day in the Church's Year, so planned that preachers may expand and adapt them to their own requirements in their own way. In these days of ever-increasing duties, among which the preaching of the Word must ever have foremost place, this volume, so full of appropriate and suggestive outlines, cannot fail to be increasingly helpful to clergy and lay preachers.

Yet one more word must be added, to express our grateful thanks to the many clergy who, by contributing the necessary information concerning themselves and their office, have rendered us so great service. Whatever value this volume possesses is mainly due to the hearty co-operation of these numerous contributors and helpers, to whom sincere thanks are accorded.

## CLERGY ORPHAN CORPORATION

Patron: HIS MAJESTY THE KING.

*Boys' School:*  
ST. EDMUND'S SCHOOL, CANTERBURY.

*Girls' School:*  
ST. MARGARET'S SCHOOL, BUSHEY, HERTS.

The Corporation has since 1749 provided Maintenance, Clothing, and Education for the poor Orphan (Fatherless) Children of the Clergy of the Established Church of England and the Church in Wales. The Governors recently revised the By-laws, and whereas formerly the Committee was enabled to help orphans only between the ages of 9 and 14½, it is now empowered to give assistance also, immediately after the father's death, to children under the age of 9. This necessarily involves a largely increased expenditure, and the sum of £10,000 a year must be raised from voluntary sources to carry on this beneficent work. A larger number of Subscriptions, Donations and Church Collections is needed.

President: HIS GRACE THE LORD ARCHBISHOP OF CANTERBURY.

General Secretary: REV. R. G. MILLIDGE, B.C.L.

Office: 5 VERULAM BUILDINGS, GRAY'S INN, W.C.1.

Bankers: Messrs. Drummonds, Charing Cross, S.W.1.

"What a splendid thing it would be if in the year 1935, not only here but overseas too, there could go forth the welcome announcement that the word could now be given 'Advance!' I put it to you to do your best to bring about that happy event,"—*The Archbishop of Canterbury's Challenge at the S.P.G. Annual Meeting.*

S.P.G. has already in faith accepted this challenge by announcing to the Bishops Overseas the pledge of its resources for 1935 to plans for new work to be begun or old work to be developed.

This is a risk, of course, for resources have to be raised, but faith means risk.

Will you help us to redeem this pledge?

**Waifs and Strays, The Church of England Incorporated Society for Providing Homes for.**—This society was founded by the late Prebendary Rudolf, C.B.E., in 1881 in order to enable Churchmen to work together in rescuing and caring for destitute and neglected children and those in moral danger, the methods adopted being (1) Boarding-out with communicants under careful supervision; (2) Small scattered Homes; and (3) Vocational Training. Some idea of the progress made may be gathered from the fact that there are now under the care of the Society 107 Homes (one of which is in Canada) and nearly 4,500 children, while more than 38,200 have in all been rescued since the establishment of the work. The Homes are of various kinds, including Farm, Gardening, Laundry, Industrial, Convalescent, Cripples' and Babies' Homes, and every effort is made to render them as homelike as possible. The religious training is entrusted to the clergy of the parish in which the children are boarded-out or where the Home is situated. *Secretary*: Old Town Hall, Kennington Road, S.E.11.

### LIST OF ARCHBISHOPS, BISHOPS AND CLERGY OF THE UNITED KINGDOM, COLONIES AND FOREIGN PARTS

*Note.*—A list of the principal abbreviations used in this Directory will be found in the earlier part of the volume. It is hoped, however, that the meaning of the abbreviations, etc., in the following lists is fairly obvious. In the case of the clergy, where the address is not sufficiently signified in the title of the Cure, it is given immediately after the name. Where no postal address is given, the title of the Cure is sufficient address. The figures at the end of the line in the List of Clergy represent (a) net value of living and (b) population. The asterisk denotes a house of residence.
